Giving the Names of the Hotels using the Advertising Register Books obtained from the several Members of the HOTEL REGISTER PUBLISHERS' ASSOCIATION for the respective States mentioned, also giving the Hotel Rates per day, and the CENSUS or ESTIMATED POPULATION of the Cities and Towns where the Hotels are located.

Hotel Register Publishers' Association, of America.

For the benefit of our hotel patrons and their guests, which is the back of the Advertising Register Books published by us, a copy of the "American Hotel Guide," giving the "names of the hotels, the town or city where located, and rate per day" of hotels obtaining their Registers from the undersigned, is this Guide is kept for reference in public places where the traveling or business public seek information regarding the offices and rates whither they may be going. It affords an advertisement to the hotels represented in this volume that cannot be replaced by from Kansas to Spain per year otherwise invested for advertising purposes. Any hotel-keeper desiring this advertisement can have copies of the facts by having his hotel set represented in this "Guide" for a year or two while the other hotels of his locality are thus only advertised on our public counters of our 4000 hotels throughout the States, the Territories, Canada and Old Mexico.

We Control all rights and franchises under the MITCHELL, HANGS and PETERSON PATENTS, issued by the U.S. Government in 1879 and 1880, including the rights to manufacture and use of all styles of "Advertising Register Books" throughout the States and Territories named.

Awaiting your orders, as you mind the Registers,

We are, respectfully,
