As we begin our new genealogical membership year, it is a good time for each of us to "take stock" and to set a goal for our individual research for the year ahead. Aimless, "hit-and-miss" research produces comparable results. It is wise to sit down and evaluate your proven and study your unproven data on your ancestor charts, family group sheets and in your notes. Determine a definite direction you want to go in your future research and make a determined effort to seek out those books, classes, society publications, etc., to fulfill your goal. Set your goals high enough to test your skills and keep you alert and striving, but not so high as to be continually discouraged. Sometimes we need to stop and restudy our "gameplan" as we go along and perhaps change our direction and approach.

Your officers and board have set goals in establishing the projects and the programs for the upcoming year. It is encouraging and exhilarating to start our new year. Our members too need to do a bit of soul-searching and set goals of their own, to attend more meetings, to say yes just once more when asked to help, and to remember to give others a pat on the back when a job is well done.

Your Program Chairman has the calendar for 1984-1985 lined up and has included some special events and some old standbys as well. We welcome ideas, suggestions, and volunteers. Remember, this is your society! So dig in and do a little to make YOU proud of YOUR organization! Let's pull together.

Our Midwest Historical and Genealogical Society, Inc., was 18 years old in March 1984. Not yet an "adult," it has growing still to do. See if this year and the next we can all extend a little extra effort and make MHGS's turn toward adulthood special--a future 21st birthday, a new home entered with new enthusiasm and with an eye to the future.

Your president has set several goals. One of these is to meet at least two of our newer members at each general meeting. I want to hear the things you would like to hear and see genealogically.

In closing I include a poem from the Wine Press, Napa, CA. (9:6 June 1983). Give it a thought! We'll see you at the next MHGS General Meeting!

## DO YOU JUST BELONG?

Are you an active member, the kind that would be missed?  
Or are you just contented that your name is on the list?

Do you attend the meetings and mingle with the flock,  
Or do you stay at home and criticize and knock?

Do you ever go to visit a member who is sick?  
Or leave the work to just a few and talk about the clique?

There's quite a program scheduled that I'm sure you've  
heard about  
And we will all appreciate it if you'll come and help us out.

So come to meetings often and help with hand and heart,  
Don't just be a member, dig in and do your part.

Think this over, member, you know right from wrong,  
Are you an active member, or Do you just belong?

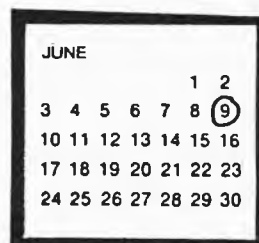

Keep digging for those family tree roots!

D. JoAnn Schiefelbein, MHGS President

## LIBRARY LORE

We have accomplished several of our goals in the Library this past year and I would like to take this opportunity to thank all of you who helped us out. I would also like to encourage those of you who have been unable to help to volunteer in some capacity.

Due to the ever increasing use of computers in genealogy we have started a new area in the Library for those of you interested in electronic genealogy. We're calling it the "Computer Corner" and the materials that fall into this category will be shelved on the atlas shelf next to the vertical file. Presently we have several issues of Personal Computing magazine, some general materials on using computers, some materials dealing with the Commodore 64 plus volumes 1 and 2 of Genealogical Computing and volume 3 issues 1 through 5 of Genealogical Computing.

The update of our listing of member owned genealogical material is continuing so don't forget to send in the list of your personal genealogical collections that you are willing to share with others. Please include the title, a brief description of the contents and your name, address and telephone number.

### Dates to Remember:

- July 3 - Library & Office Closed for Fourth of July.
- July 14 - Library & Office Closed for Genealogical Classes.
- Sept 1 - Library & Office Closed for Labor Day.
- Sept 4 - Library & Office Closed for Labor Day.
- Sept 8 - Library & Office Closed for Seminar.

But the GOOD NEWS is that the Library and Office will be open the rest of the time on Tuesdays and Saturdays unless we don't have volunteers.

Bill Pennington

## REVIEWS

THE SOURCE, A Guidebook of American Genealogy, Edited by Arlene Eakle and John Cerny, Ancestry Publishing Co., Salt Lake City, 1984, 786 pp, \$39.95.

This book is an incredibly comprehensive reference book in which no important aspect of American genealogical resources is omitted. If your genealogy library were to have only one book, this is the one to have. The book is divided into three main sections: Major Record Sources, like family traditions, church, census, court, land and military records; Published Genealogical Sources, like city directories, newspapers, indexes and biographies; Special Resources, like immigrant origins, urban ancestors, Native American, Spanish American, Black, Asian American and Jewish American records, the computer, and Heritage and Lineage Society records. There are in addition 8 appendices, a glossary, and bibliographical and subject indexes.

Some topics are covered in detail which are not readily found in other reference works, notably the chapters on cemetery research, church records, and newspapers.

Proportions given to various topics seem strange at times. Main example: 126 pages given to business and employment records (of most use surely for recent generations where other types of records are readily available and more likely to help ascertain relationships), but only ten pages to probate records which are the main way to establish relationships in the US prior to the 1850 census. It seems as though more space should have been given to what to look for and how to abstract both probate and land records--which are the real "bread and butter" of genealogical research.

This book probably should not be recommended to the beginner as his first introduction to research. The first chapter reviews a dozen such books on pages 4-6 for beginners, and one of them would be better. Of course, if he doesn't first read this book, he has no way of being aware of the list.... My fear is that the total novice would be totally overwhelmed by the detail and terminology in this book and might as a result be scared off completely, feeling it is all beyond him. The chapter labeled "Introduction" is definitely not reading for the beginner: prior genealogical research knowledge is required to understand it.

This book is written very clearly. Heading and subheadings are good: they are clear and frequent. The chapters are extremely well organized. It has abundant examples and pictures to illustrate the points made. The pictures, however, are frequently several pages away from the text that refers to them, and the figures and tables are confusingly numbered the same way.

The style of this book is without much humor or warmth; it is strictly business. However, any of this book's drawbacks are minor, in view of the size and scope of the work done. THE SOURCE is an awesome and valuable reference book. Reviewer: John Schunk.

THE FAMILY DETECTIVE: A Manual for Analyzing and Solving Genealogical Problems in England and Wales, 1538 to Present Day, by Colin D. Rogers, (Honorary Editor of Lancashire Parish Register, lecturer; written papers on Population Studies for University of Manchester), University Press, Dover, NH, 1983, 146 pp., \$9.95. Cloth.

This book is organized around the need to solve problems rather than around records. Three basic problems concern search for parents, marriage and death. The author tries to answer, "How do I find out? What can I try next when that doesn't work?" This is a manual for the amateur genealogist, a guide to drawing up family trees, especially for searchers living away from London's great centers of reference.

For the beginner there is description and advice about basic research methods. It gives professional insight into documents to which the public is usually denied access.

There are five sections to the book: where to start; looking for parents (birth certificates, census 1801 to present day and church baptisms 1538 to present day); looking for marriages (marriage certificates 1837 to present, marriages in churches 1538 to present); looking for deaths (death certificates 1837 to present, church burials 1538 to present, probate records and wills 1858, how to find wills before 1858); and alternatives.

This book would be useful to family historians and biographers, lectureers, librarians and archivists. There is an index. For more information write: Patricia Cantor, Manchester University Press, 51 Washington St., Dover NH 03820. Printed in Great Britian.

This book has been donated to our library by Manchester University Press.

#### CORRECTION

The Jan.-March 1984 issue of the Register, p. 172, reported that members could send to Germany for a list of names for whom there exist printed genealogies. The price for the service was printed as the equivalent of 4 German Marks; the price is in reality the equivalent of 12 German Marks.

Anna was 18 years old, black hair, brown eyes and beautiful. They were married at Emporia, Kansas, Lyon County, October 11, 1917. They began their marriage at the old home place near Milan, Kansas. He farmed 240 acres, mostly wheat, oats, corn and raised cattle, pigs and horses. Each spring he raised a lot of chickens and sold them in Wellington. He always had several gardens. They had plenty of food during the depression years and helped relatives in the city. Anna his wife was a sturdy pioneer and was remembered for her kindness and loving personality. She was an excellent cook and seamstress. Robert was a strict disciplinarian and successful father. He raised eight law abiding citizens.

Robert Early Rose was Superintendent of Seventy Six School, District 133 Sumner County, Kansas. He retired from farming near Riverdale, Kansas in 1951. He was well known and liked by all who knew him. He died September 27, 1969 at his home in Wellington, Kansas. He is buried in Milan, Kansas Cemetery, Ryan, Twp. Sumner County Kansas.

The biography of Robert Early Rose was written by Arlo Dean Rose his youngest son and from the Family Bible.

Vol. XVIII No. 1 (1983) has an article on Harrison and Tyler Boone on page 20. I would like to add a bit of information.

BIOGRAPHICAL AND HISTORICAL RECORD OF PUTNAM COUNTY, INDIANA - 1887 has a sketch on Squire Boone:

"Old Squire Boone, brother to Daniel Boone, now living in the township (Washington) once lived in a house which stood on the ground now occupied by that in which Simeon Stoner lives. On the 3rd day of July, 1837, his house was struck by lightning, by which two of his children were killed. Three years later his wife presented him with twin boys whom he named Tip and Tyler. Some time after that, in the same house, two of his daughters were married on the same day."

It is easy to imagine the excitement twins caused on November 9, 1840 and one can almost hear Squire shouting "Well, Tippecanoe and Tyler too!!!!" It was the slogan of William Henry Harrison in his campaign for President. Harrison had been governor of the Indiana Territory and was known for his victory as an Indian fighter at Tippecanoe. He served only one month as President; Vice President John Tyler then became our tenth President. Of the twins, Tyler seems to have kept his name but Tip is referred to in the family records as Harrison Boone.

It is not unusual to find as many as five lines from George Boone III (the immigrant ancestor) among members of the Boone family. Twins Harrison and Tyler Boone have three lines as follows: Ref: Spraker, THE BOONE FAMILY

George Boone III m. Mary Maugridge  
Squire Boone, Sr. m. Sarah Morgan  
Squire Boone, Jr. m. Jane VanCleve  
Moses Boone m. Hannah Boone  
Squire Boone m. 2/ Phoebe Rissler

George Boone III m. Mary Maugridge  
Samuel Boone, Sr. m. Elizabeth Cassel  
Samuel Boone, Jr. m. Jane Hughes  
Hannah Boone m. Moses Boone

George Boone III m. Mary Maugridge  
George Boone IV m. Deborah Howell  
Hannah Boone m. John Hughes  
Jane Hughes m. Samuel Boone, Jr.

Submitted by Doris Buchner--descendant of Squire Boone and Sarah Morgan through their son Daniel Boone of pioneer fame and folklore.

#### MARRIAGE NOTICES FROM KANSAS TERRITORIAL NEWSPAPERS, 1854-1861

The following marriages are reprinted with permission from the KANSAS HISTORICAL QUARTERLY Vol. 21, Summer 1955. This is a partial reprint; the remainder will be published in the next two volumes of the REGISTER.

The files of the Historical Society's territorial newspapers are remarkably complete, however in some instances there are only scattered issues. This fact and negligence in reporting marriages to the newspapers necessarily cause this list to be incomplete, but it does bring together marriage records from all parts of territorial Kansas for the first time.

The recording of marriages has been required of the counties of this state since the start of county government in 1855, and many of them have such records from their beginning. One notable exception is Douglas county where records were destroyed in the Quantrill raid of August 21, 1863. Since 1913 marriages have also been recorded in the division of vital statistics of the state board of health at Topeka.

### GENEALOGY PAL PROJECT

The Genealogy Pal--"Gene Pal"--Project is a "one-on-one" helping hand extended from experienced MHGS members to new members just beginning this hobby. Goals of the project are: 1) to promote friendship between existing and new MHGS members; 2) to be a morale booster: at times and to bolster sagging genealogical spirits; 3) to be a guiding influence to help new members over hurdles, around "brick walls," to find different routes to take in doing their genealogy; 4) to help new members follow correct procedures in doing their research, documentation, etc. Existing members who want to be a "gene pal" can make a friendly overture to a new member with a phone call, a hello at MHGS meetings, a little help in the library.

If you can help, contact Pres. JoAnn Schiefelbein, 722-4970.

### COMPUTER NEWS

#### KUGIG

The Kaypro Users Genealogy Interest Group was formed to assist the genealogist who chooses to computerize his genealogy work and who finds Kaypro is his choice of machine. According to Alice W. Peterson, Coordinator, KUGIG is "a users' group of 120 users and apparently the only national users' group created to help those with a particular computer to learn how to do genealogy on their machine. Learning computer is no less a puzzle than learning genealogy and sharing our successes and problems we are making great strides in taming and organizing our hordes of genealogical data. We have found that the soft ware that comes with the Kaypro is very helpful in organizing our data and not one of us has bought a word processing or database management program to replace the ones that are 'bundled' with the Kaypro.

"We share a newsletter by computer disk at least four times a year and our group is producing new programs every month. We hope to eventually get applications for all standard forms used by family historians available to all Kaypro owners. We now have four different styles for family sheets databases, a cemetery database, a land deed database, a probate database, and a census database, and a Surname index to the families being researched by our members. We have now learned how to enter our data once into a family sheet database and get it to work processing for written history and into 8 generations pedigree charts without reentry."

Membership in KUGIG is \$25.00 per year. Those who are interested in joining may contact Alice W. Peterson, Coordinator of KUGIG, 3010 Regency, Apt 40, Ames IA 50010. --Submitted by Barbara Marsh.

## Historical Sketch

Early in the year 1902, several Masons living in Valley Center and vicinity prepared a petition addressed to the M. W. Grand Lodge of A. F. & A. M. of Kansas, praying that a lodge be established in Valley Center. Their petition was kindly received by the Grand Master, M. W. Perry M. Hoisington, and at the Forty-sixth Annual Communication of the Grand Lodge held in the city of Fort Scott on February 19-20, 1902, a charter was issued for a lodge to be located in Valley Center and to be known as Valley Center Lodge No. 364.

Accordingly, on March 17, 1902, R. W. Brother Thomas G. Fitch, Grand Senior Warden, acting as Grand Master and assisted by Bro. W. H. Harrison, Past Master of Emporia Lodge No. 12; Bro. Fred H. and Avenue B was purchased with the idea of building a lodge home sometime in the future.

At various times in the ensuing years the proposition of building a lodge home was discussed but not until the year 1925 was anything definite done. At the stated communication held on February 16, 1925, a committee consisting of Brothers: Adrian P. Wright, Wm. P. Vallance, Travis C. Parkinson, Louis Bright, Oscar K. Winters, Walter S. Cooper and John F. Wadsworth, was appointed and instructed to plan the building and ascertain the cost. A committee consisting of Brothers: Samuel L. Gardiner, Paul E. Wilson, Charles W. Rickard, Harry H. Sullard and T. Todd McCluggage was appointed to finance the building. At the stated communication of the lodge on April 6, 1925, the building and finance committees reported that a working agreement with the Valley Center State Bank could be entered into and a corporation be formed whereby a suitable building could be erected. After some discussion a motion was carried instructing the trustees to enter into such an agreement which was accordingly done and the building was soon commenced. On December 10, 1925, R. W. Ferris M. Hill, Grand Junior Warden acting for M. W. Grand Lodge, laid the corner stone of the building and on June 7, 1926, the building was formally opened for use.

The lodge may well be proud of its present home and many favorable comments are received from visiting brethren. The lodge extends a hearty welcome to all to visit this beautiful lodge room devoted to the service of God and emulating the principles of:

Brotherly Love, Relief and Truth.

THE SODDIE STAMP

In order to commemorate the contribution made by families who lived in the sod houses of the High Plains region, including Kansas, the Thomas County Historical Society, Colby, hopes to encourage the adoption of a US postage stamp depicting the sod house. In order to encourage the soddie stamp, write Rep. TARGET COUNTIES: Members are asked to send to the Editor a list of the 5 or 6 US counties in which they concentrate their research or where they need the most help. We will compile the list and publish it. The purpose of the compilation is two-fold: to help members identify other members researching in the same target counties and to pool resources to select materials for the library that will help members the most. Mail to Editor, MHGS Register, PO Box 1121, Wichita KS 67201 by 20 May 1984.

WILL SEARCH: burial records of Highland Cemetery, Wichita KS. Records date back to about 1868 and many notable early settlers of Wichita and vicinity are buried there. Please send SASE to Corrine Afton, Box 103, Benton KS 67017.

### NEW MUSEUM OF KANSAS HISTORY

The Kansas State Historical Society has set aside the weekend of 22-25 June 1984 to celebrate the dedication of the new Museum of Kansas History in Topeka. All state historical societies, including MHGS, have been asked to take part in the celebration to help educate people in the state about family history and genealogy.

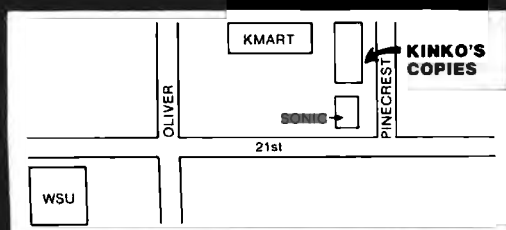

On Monday, 25 June, there will be a genealogical seminar at the Museum for all who are interested. There will be speakers, a panel discussion on research opportunities in various areas of Kansas, and a guided tour of the Historical Research Center (KSHS Library at 10th and Jackson, Topeka), with a briefing on the future plans for the Research Center.

MHGS members are encouraged to show their support for this new repository of our state history with their attendance.
