Ed. Note:

Here I am again, playing catch-up with the *Register*... thank you all for being so patient with me when this magazine is late because my family and my paying job have to come first! The spouse and I were able to attend only one of the National Baseball Congress games this year, but we followed the course of the tournament closely in the newspaper and online. I admire the fortitude of the players and the stadium and concession stand staff as they dealt with the horrible heat wave we have been experiencing!

Speaking of the heat, the MHGS board moved *Julyapalooza* to October 22 and renamed it the *October Jubilee* in the hope the weather would be more cooperative. Good thing, too, it was 108° in Wichita the second Saturday in July! But there's more happening on October 22 than just the MHGS *October Jubilee*! Nation-wide, October is Family History Month; locally, Mayor Carl Brewer has issued a Proclamation designating October as Wichita Family History Month. On October 22, the Wichita Genealogical Society is underwriting the entire cost of one of River City Trolley & Charter's trolleys that will run in a continuous loop between MHGS, the Kansas African American Museum, and the downtown Wichita Public Library (the genealogy department there is supported by the Wichita Genealogical Society) from 1 PM to 4 PM. Trolley riders who are wearing the "WGS Trolley Tour" stickers will receive free admission at the Kansas African American Museum; free admission at the Wichita-Sedgwick County Historical Museum, located directly across the street from the downtown Wichita Public Library; and tours will be given by the Wichita Genealogical Society of the Genealogy Department at the Wichita Public Library, along with special activities and family trees on exhibit of Wyatt Earp, Bat Masterson, actor Sidney Toler, and Mayor Carl Brewer. Our own Sara Orr Jones will be the official trolley hostess and will ride the trolley to help tour riders at every stop, issue stickers, and try to keep the trolley on schedule. The trolley schedule, along with detailed information about activities at MHGS and other locations that day, will be appearing in the September and October *Alert*. Many thanks to the MHGS *October Jubilee* committee and volunteers for all they are doing to get MHGS ready for this gala event!

One comment I have heard several times recently is that MHGS' membership dues are higher than dues at other societies. What makes dues at MHGS higher is the costs involved in the care and feeding of the MHGS library. If you think owning your home is expensive and time-consuming, well, so is maintaining the MHGS library. The dues you pay every year helps to cover the cost of basic operating expenses (heat, light, insurance), with nothing much left over to make structural repairs when they are needed. Right now MHGS needs structural repairs to the floor of the ladies' restroom where a toilet leak went undetected for too long. Repairs are also needed outside on some of the windows on the south side of the house. If we aren't able to find volunteers to make these repairs, then MHGS will have to pay to have the repairs made. If you have skills or materials that you would be willing to donate to help make the repairs, please call the MHGS library at 264-3611 and leave a message. If you would like to make a donation to help finance these repairs, please send your check to MHGS, PO Box 1121, Wichita, KS, 67201. No matter what you do to support the MHGS library, it is much appreciated!

This issue of the *Register* contains the final entries of A. N. See's 1864 diary. Unfortunately he didn't keep a diary in 1865, so we have no record of his thoughts at the time of Lincoln's assassination. Still, this diary has been a fascinating glimpse of a year in the life of one of the Bucktails. Thank so you much, Betty Kessler, for allowing me to reprint that diary here!

That's about it for now... I hope you enjoy this issue of the *Register*, and I'm looking forward to seeing you at the *October Jubilee*!

CITY AND COUNTY NEWS.

A sidewalk from the depot up to Main street is badly needed. Oats and spring wheat in this section look exceedingly promising.

Personal.-C. C. Hutchinson, the town builder, book writer and valued correspondent of the Eagle, paid our town a visit this week.

The last Atchison papers assure us that arrangements have been made for the building of a railroad bridge across the Missouri at that point.

Hugo Kullak, the big Topeka contractor, who has built no less than four depots in the last month, was in town Thursday, as full of business as ever.

See official notice in another column of examination of teachers to be held at the school house in Wichita on Saturday, June 8th, commencing at 9 o'clock.

H. C. Emple, one of Burlingame's most enterprising merchants was in town this week supplying our merchants with tons of Osage county butter, eggs, etc.

Thirty-two quires of paper were we down and worked off into Eagles and sent broadcast over Southwestern Kansas this week from this office. An item for our advertisers.

Because of a failure upon our part to properly show up a certain thing we were treated to a call and an earnest interview by a fellow who was on the shoot and cut – he shot off his mouth and cut around the corner.

Now comes our friend Exton and declares that the enterprising firm of Black & Nixon received the first freight forwarded by the Wichita & S.W. R.R. which was delivered them by the City & R.R. Transfer line.

Callen, Moore & Co., the big firm of wholesale jobbers, arrived at Wichita this week and will open up in a few days. P. Z. Taylor, the well known merchant, formerly of Junction City, is here and is a member of the firm.

Main street is in a fearful condition, owing to the heavy rains of late. We hear that the council is seriously contemplating a move upon its muddy foundations. James Hope's brigade would accomplish wonders in a short time. Vide Douglas avenue.

Abilene, Solomon City, Saline and Newton cattle markets are now closed in consequence of the settlement of the country, and many of those who formerly operated there are now among us and give due notice that we must prepare to be the cattle market of the Southwest.

A stranger was shot through the calf of the leg while standing in front of a gun shop on Main street last Saturday. The accident was the result of carelessness on the part of the gunsmith working with a loaded pistol. The wound is not serious and the party will be about again in eight or ten days.

Settlers desiring to be kept posted as to the workings of the U.S. land office at Wichita would do well to subscribe for the Eagle as all rulings of the department together with all laws and orders affecting this office will be published in its columns – it will be the official organ of the U. S. land office at Wichita.

There will be Baptist preaching next Sabbath at the school building at 11 o'clock, and at the Presbyterian church in the evening at 8 o'clock. All Baptists and all in sympathy with that denomination are requested to be present at the morning service, as it is proposed to organize a Baptist church at 12 o'clock, or immediately after preaching.

S. N. Wood, an acknowledged leader among the liberals and woman suffragists of Kansas, – a politician who in his purity of motive and thought believes that the straight republican editors have all been bought up, dropped into our sanctum this week. He also thinks that liberal and pure men should be dropped into congress and he is therefore a candidate.

During the past week negotiations have been pending looking to the immediate erection of a flouring mill a little south of the depot on lands belonging to English and Gilbert. There is no better point in the state for the location of a first class merchant mill. Next we hope to be able to announce that the arrangements have all been consummated.

Johnny Thompson in the art tonsorial is still modern and fastens himself to the progress of our town. He has opened a branch shop in the rear of the Progressive Billiard Hall, on Main St. and Douglas Ave., over which presides the old favorite Lon Ketzler. For his own shop he has secured that old and popular barber Herman Haussler. With these and his own acknowledged, "Johnny can go marching etc., hurrah!"

The calico railroad ball, mentioned by us last week, passed off very pleasantly on Tuesday evening. Everybody seemed to enjoy themselves hugely. Quite a number of our young ladies and gentlemen who are not in the habit of attending public balls were present. Messrs. Bromwell and Schatner, the gentlemen who managed the affair, are well posted in regard to catering to the wants of the public.

A sidewalk is sadly needed on Douglas avenue, running from the depot up to Main street, which want is probably well enough appreciated by the authorities, but the building of it should not be delayed now that so many strangers are daily arriving, many of whom prefer walking and looking around to taking the 'bus. Besides, our business men are now as much concerned as others.

E. J. Waterhouse is the agent in charge of the depot at this point, his first assistant being W. J. Kennedy, both of whom are number one, experienced and efficient agents, and gentleman of whom our citizens and freights will have no reason to complain. T. F. Dunaway is the clerk of the freight department, and will see that everybody's goods are properly checked and promptly delivered when called for.

Will our farmer friends when in town and in possession of some interesting item in reference to their own or neighbor's stock, or crops, or neighborhood news, just drop by our office and give us the benefit of their knowledge? We earnestly desire to make the Eagle an interesting visitor to every farmer's

home within a radius of thirty or forty miles of Wichita, and to do this we must hear often from the cultivators of the soil themselves.

Dr. M. L. Lee, ex-member of congress, and father of Kansas' dashing cavalry general, A. L. Lee, who won so fine a record upon the battlefields of the south, and who afterwards made an exciting canvass for the U. S. Senatorship of this state, is doing Kansas and Wichita. Dr. L. honored the Eagle office with a call, bringing with him a letter of introduction from our old friend, Prof. Jno. H. Barrows, now of Springfield, Illinois. The Doctor is apparently very much pleased with our young city and its tropical-like surroundings.

Column 2

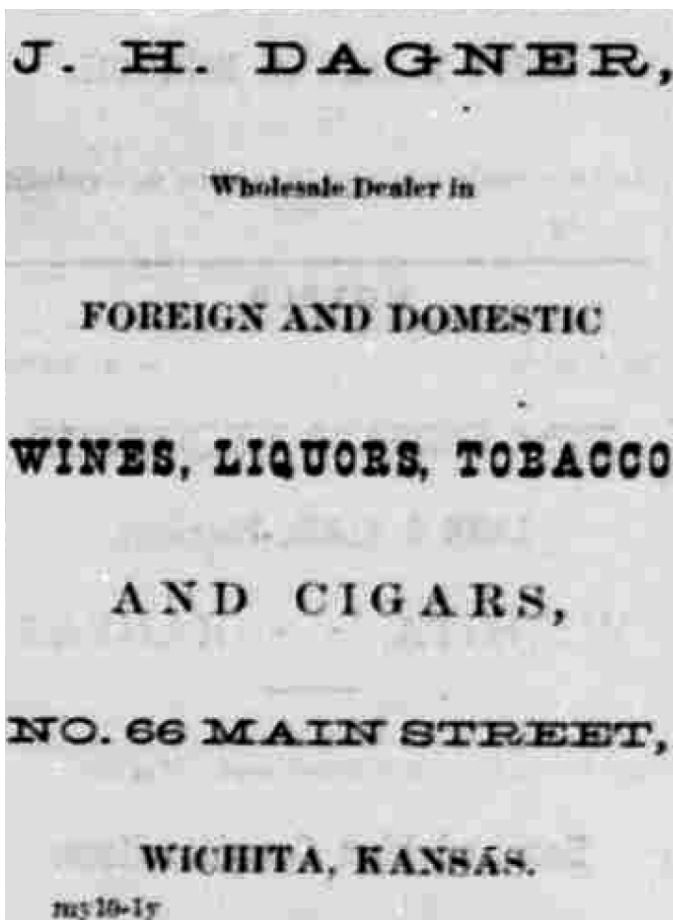

Prominent among the heavy and important branches of business that will be largely represented in Wichita this year is that of pine lumber. This whole country, southeast and southwest for a distance of sixty miles, must be supplied with lumber from this point. This being acceded and seen by all,

some of the heaviest dealers in lumber in the west have located here. Of course competition will run high, yet for the very reason that this will be the best point for that trade, there will be danger of a combination to keep up the prices of that essential material. Lumbermen have an association, the object of which is to get cheap lumber and cheap freights. Their headquarters are at Kansas City. Prominent as a leader and officer of this association is W. P. McClure, whose company have just located an extensive wholesale and retail yard in Wichita. This association by a merited effort has succeeded in getting a reduction of \$20.00 per car load to its members in the west. Mr. McClure was chairman of the committee that got the reduction. In the item of fencing lumber is this especially important. All advantages thus gained reverts to the consumer. He was also appointed as a committee to secure the passage of a bill abolishing the tariff on Canadian lumber, and by his efforts the legislatures of two or three states have already by concurrent resolutions asked congress for that relief. The prospects are very favorable now. Mr. McClure is, and has been for years, one of the heaviest and most successful

lumber dealers of Kansas, and is well and favorably known in almost all the prominent towns in central Kansas. With him is associated the firm of Smith & Roads, formerly of Burlingame, who are strong financially and old lumber dealers. Taking it all in all the firm of W. P. McClure & Co. are a great acquisition to our place, and we have no doubt will do an immense trade. For particulars see advertisement.

A sad occurrence whereby David Minch, a new coiner, lost his life by drowning, happened on Monday afternoon last, at the upper ford of the Little river. It seems that Minch and his comrade Holle has been hauling ties for the railroad until it was finished to this point, when they took a job to haul sand for the depot building. On Monday morning they took the contract and hauled one load, returning for the second a 5 o'clock, they attempted to cross the river at the upper ford. When they drove in the current caught the wagon and turned it over — David Minch was on the wagon and Mr. Holle was riding a white lead mule, two horses and two mules to the one wagon. All the animals had on new, strong harness, but the mule on which Mr. Holle rode, broke loose in some way in the struggle of the horses to get the wagon and themselves out, and carried Mr. H. safely out with it; but Minch, who sank with the struggling horses, only came up once, exclaiming Oh! then disappeared and had not been found up to Thursday, though diligent search has been made. Three horses were also drowned. Mr. Minch and Holle were formerly from Richmond, Ind., and had been settlers on the Cherokee strip until driven off by U. S. troops; they then came this way, one to his death and the other to receive a shock from which he will never entirely recover.

Since this has been made the terminus of the A., T. & S. F. R. R., Wichita becomes the headquarters for the Southwestern stage company and its lines. Wells, Fargo & Co., have established a regular express office at this point, which is in charge of W. A. Booth, the accommodating and efficient agent who has for a year past been located at Newton. The office is near the Douglas Avenue House. L. A. Brown still has charge of the passenger interest of the stage company at Wichita and Wm. Terrill remains the superintendent. T. W. Nichols, the Asst. Supt. of Wells Fargo & Co's. express lines was here this week and assisted Mr. Booth in getting things started.

The Syndicate, an advertisement of which will be found in this week's paper, is fitted up in a style that will bear comparison with the very neatest saloons in any of our western cities. It is moulded and curtained in crimson and gold. It's [sic] counter is a picture of architectural elegance and mechanical skill. Attached is a club room fixed up in regent style. The Syndicate is peculiarly and particularly first class. Neither can it nor will it be used for a "bummer's roost." The best of viands and all modern summer drinks fresh and cool, tasting of shade and deep woods, set up according to name. "You pays your money and takes your choice" – newly coined.

Our friend, W. C. Woodman, of the Arkansas Valley Bank, was made the recipient of a very fine present last week. The present consisted of a dozen linen damask napkins and table cloth, which came by express from the great linen producing city, Belfast, Ireland. The dining cloth is twelve by eight feet square, and the napkins two feet square, and each has woven into the center and border, all varieties of game birds, deer, etc. together with Mr. W.'s initials in the corners. The material resembles white sating, and is the finest thing of the kind that we ever saw. Mr. Woodman is just the man to appreciate and prize so delicate and costly a souvenir of friendship.

It must be evident to every one that the police force of this city should be uniformed, that is, the members should be compelled to wear such a suit as would be recognizable upon the instant. Another thing, each man's beat should be prescribed and in that quarter he should stay except when called upon for assistance by the chief or some other member. We have seen men whooping full of whisky and no police in sight. It is also evident that ways and means must be devised for doubling up the force for at least two or three months during the summer. Should our authorities fail in holding their present power woe will be the sure result.

Capt. A. B. Barnes returned on Monday from a trip up on the K. P. He says that Ellsworth is wild over the prospect of getting a portion of the Texas cattle trade the coming season, and many new houses have been built including a new hotel b some Abilene men. The captain informs us that the grass is fair between the crossing of the Arkansas and Ellsworth but there is no camping ground. But notwith-

standing these disadvantages he thinks it stands Wichita in hand to bestir herself in this matter and by all means to get the first talk with the drovers, even if we have to send men all the way to the Red river.

Wichita as a cattle market has hotels, banks, supply and outfitting houses in full operation, and more building; also a railroad and good stock yards in the hands of experiences men. The country south and west of us is open, well watered and plenty of grass. No law or settlements to conflict, or flies to torment the cattle. This point is one hundred miles south of the K. P. road and two hundred miles nearer Chicago via the Chicago and Southwestern. Here the buyer gets the first chance at the cattle, and if he can't get stock and prices to suit him it is little worth while to look elsewhere.

The joint-stock brick company have relocated their yard. The clay at the lower end of town proved of so tenacious a texture that in drying one half of the moulded brick cracked. The yard is now located on Wm. Grieffenstein's place north of town. We rode up with Messrs. McClees the other even-

ing and found that a very fair and tolerably smooth brick was being made. It is to be hoped that this new venture may prove successful, as many are anxiously awaiting the result. Mr. Weidner, across Little river, has his first kiln ready to fire. A million brick would find ready sale in this market.

The district court is still dragging its legal length along – twenty-seven lawyers and all. Sheriff Meagher and his deputy, John Brennan, seem to have their hands full in caring for the jury and court and bawling themselves hoarse for deaf witnesses who will stray off. Judge Campbell appears to give very great satisfaction in his quiet manner of dispos-

ing of business, as also in his rulings. The court room is a reconstructed livery stable, but inside of ten years Sedgwick county will show her eastern counties a court house that will do to brag on.

In the city directory will be found the professional card of Dr. A. J. Langsdorf. Uniform success has attended the dentistry of Dr. L., and he is recommended [sic] highly by those for whom he has done work.

Column 3

Gentlemen of experience and observation, who have of late been examining the Litter river, give it as their opinion that no stream in the west affords so fine a water power as the above named. The channel is narrow, the fall rapid and the water abundant. There are several fine mill seats or locations within from a half mile to a mile and a half of town. A fortune no doubt lies in the above enterprise. Would it not b wisdom to employ some practical engineer to make a survey and ascertain the facts. If we really have a great water power here it should be demonstrated to the end that it might be utilized.

W. P. Hackney, of Belle Plaine, returned this week from an extended trip up the Arkansas as far as Larned. He reports much fine country event hat far up the valley.

SPECIAL NOTICES.

McClure & Co., lumber dealers, are at Wichita with a stock of lumber, not the largest stock in America, but a stock sufficient for all demands. W. P. McClure was a partner in the firm of John Wayne & Co., at Topeka, Burlingame and Emporia until two years ago – since that time on the L., L. & G. R. R. at New Chicago, Thayer and Independence, and on the M., K. & T. R. R. at Chetopa. Our shipments last year on those roads were over 500 cars of lumber. We do not claim to buy and sell cheaper than any one, but from our long experience in buying and handling lumber we know something about it. We are satisfied to let Chicago make our grades, and if we cannot sell standard grades we will get out and quit the trade. Office and yards at Wichita on Douglas avenue, on the east bank of the river, between the bridge and the Avenue Hotel; at Independence on railroad track, and down town opposite U. S. land office; at Thayer west of railroad track.

An evidence of the thrift and enterprise of some of our Main street dealers is strongly exemplified in the new move made by Martinson & Co., dealers in confectionery, nuts, etc. They began on a small scale, but by industry, honesty and a courteous bearing have worked themselves into the principal bakery, confectionery and fruit store in this region of country. Their new business house, No. 62 Main street, just completed and occupied, is as handsome and large as any we have seen in the cities. Ice cream and fresh fruit in season will always be kept by them. An elegant soda fountain plays near the door. The architectural elegance of the building is due to the excellent workmanship of Messrs. Adams & Newcomer, the fine decorative painting and paperhanging to Messrs. John Froberg & August Glossen. When you want comfort and cool enjoyment go to the parlor confectionery and purchase of Martinson & Co. 62 Main street.

Sod Corn Proved First Real Crop for Prairie Settlers

Planted in Upturned, Matted Roots with Axe It Required No Cultivation

(Wichita Historical Panel No. 59)

FIRST CORN to be harvested in Sedgwick county was sod corn. And in the years from 1868 to 1870 the average yield was rated at from 20 to 25 bushels to the acre. Fall and winter months served the settlers to turn the virgin buffalo and bluestem grass sod with a breaking plow. Then in early spring the settlers would follow every second or third row of upturned sod and at regular intervals make an incision with an axe in the root-matted, upturned turf, drop two or three grains of corn in the gash and then cover by stepping on it. It was impossible to cultivate this corn as to do so would have demolished the seedbed. This corn made a good grain and fodder crop.

Indian Tepees Set Afire to Rid Area of Cholera Germs

Soldiers Feared Plague Which Killed Indians Here
Might Strike Their Camp

(Wichita Historical Panel No. 60)

WHEN the soldiers arrived at Camp Beecher (Wichita) in the spring of 1868 they found a deserted Indian camp with scores of grass tepees. The Indians, those surviving an epidemic of cholera, had returned to their old home haunts in the Indian territory. Fearing that the Indian tepees might harbor cholera germs they fired them. The dry grass thatched huts burned like tinder lighting up the countryside for miles. The fire may have served its purpose since there was no further epidemic. For some reason the soldiers did not burn three isolated tepees, perhaps because they had recently been inhabited by healthy Indians, and they are remembered by early settlers.

Diary of A. N. See, concluded

Camp at Executive Mansion Washington, D.C.

Dec 28th 1864

Eleven days since the date of my last entry. All is gayety & mirth as though no death had ever occurred nor could occur. Drinking is not abandoned. Only two evenings ago several of the Co. were quite intoxicated one (Sergt Derickson) almost dead drunk, I fear that no lesson however terrible will be heeded by some of them but they will rush head long into destruction, regardless of character or of Hell. Hell is already gaping wide to receive them & unless they change many of them will fall into that awful place. May God arrest them in their mad career before death enters whos call none can resist. I can only pray for them.

The Corpse was taken to the dead house at Armory Square Hospital & there embalmed & on Monday the 19th just at 3 O P.M. his remains was put on board the cars for home accompanied by Joseph Wade, but owing to a smash up on the way, did not reach home till Thursday.

His brother John W. has returned, returned night before last. Said that tho when the news of Simons death reached his wife she fainted & became almost as one dead She could not become reconciled to it, 'twas to awful to bear, & truly 'twas awfull news May God give her grace to endure her sorrow & prosper her & her family.

Side note:

Subscription for S. Nichols family - Tad

I understand that Tad Lincoln has got up a subscription paper for her relief headed by his father A. Lincoln \$20.00 & that he has taken it to several wealthy Officials who have followed the Presidents example & that he is likely to get quite a large sum I hope he may.

Christmas has come & passed & with it came merry making in many places many houses were ringing with peals of laughter & hilarious joy, while in other households the scene was changed to that of mourning. The wail of the bereaved widow, the kind & tender hearted mother, the orphan now desolate & friendless, these all mingled their tears, their cried their groans, & such weeping such mourning could not fail to call forth feeling of sympathy from the hardest hearts. This land is truly a land of mourning scarce a house but

some dear friend, perhaps brother & Son, or father & husband have yielded their life a sacrifice for their beloved, our beloved, Country. Yet not withstanding all this hristmas was in most places observed as a day for merry making, or rather the day following Christmas as that came on Sunday. I observed Christmas as a soldier on duty must do for I was on guard in front of the White House on that day & the next day I was working at a bead collar as hard as I could most of the day for Gen. Krep. Finished it — at night charged \$1.50.

Side note: Auction Purchase &c.

Attended an Auction at 307 Pa. Avenue Saturday & purchased an Album that would hold 100 pictures bound in Turkey Morocco for \$5.00, a hat \$1, Pen & case \$1.10. Purchased a pair of pants at Soldiers Home for \$3.00. Visited with cousin Isaac Sherman,

Side note: hire money

Hired \$10 of Krep at 10 per cent till pay day. Got \$15.00 Of Charles calculating to purchase a Set of (frames or forks?) If I could a Auction but there was no full set sold so I did not bid at all

Side note: sell pants

Sold two pair of pants partly worn to Eberspacher for \$13.00 pay day, Sent to New York previous to this & got a Columbian Diary for 1865 cost \$1. Sent post paid would have cost about \$1.50 here. My Album would have cost from \$12 to \$15 at a book store in the City & my hat about \$3 or \$3.50. I have been offered \$8.00 for my Album. My pen I think I can get the cost for it yet I think I was taken in in that but perhaps it is worth as I gave for it.

Finished a collar today for Johnathon Rust \$1.50 pay day which is the time when all debts are payable in this Company.

Upon looking over my book account I find that I have \$1.45 more coming to me than I owe. I find a mistake of \$2.00 In looking over an account between Charles & myself that I had not down there so that I am debtor about \$.55.

I had my likeness taken in a bosom pin for Cynthia & sent it yesterday morning cost of pin \$8.00 likeness \$1.00

John Nichols wants to buy my revolver, the one that Simon shot himself with. I had concluded not to sell it at all, thought I would keep it but if he wants it I could not refuse him, & I believe I would not sell it to anyone else, he says that several of Simon's friends wanted him to get the pistol & send to them, but he says if he can get the pistol he shall keep it so I told him I would take \$20 for it & I have agreed to keep it for him till he gets ready to pay for it as he says he cannot do so at present. I have to let it go but believe that I ought to do so. I know that I could have gotten more than \$20 as well as not but I did not pay that much for it & I cannot be so mean as to charge more, that is what I told Simon to sell it for & that is what I consider it worth, & that is all I ask.

Our duty is not quite as severe as it was for the Officers are not quite so strict we are allowed to sleep more & that makes a great deal of difference with our duty now after the Officer of the day comes around at night we generally lay down & sleep so we get sleep enough to last us quite well till we are obliged to go to bed the next night which is at 8 1/2 O,

We had expected to have moved into our barracks before this but have not no more indications of moving then we had a month almost ago, yet I presume that as soon as the weather clears up so that the mud is not so deep we will move.

Side note: Weather & Roads

Weather very wet. Rains nearly every day or else snows. The crust has been hard enough to skate on & now the snow is all gone & I think the first frost must be all out of the ground, & the roads are very muddy in front of our drive the mud is quite deep, still we cannot complain for thousands of soldiers have worse shelter than we have but we know that we might have better as well as not but the Officers care but little only so they are comfortable.

Side note: President Lincoln's Speech to the Buck-tails

The President invited the Band up to play in front of the White House Monday eve. & after they played a few pieces he addressed them as follows: "It is now going on three years since the Buck tails first came to the Soldiers Home as guards. Since that time they have as it were been part of the family & I am happy to state there has been no family jars. Although your duty has not been as arduous as soldiers are required to do in the front, yet you have done all that good soldiers can do. You have obeyed orders, And none of you have so far as I know fallen victims to the City vices, you will

soon return to your homes, your friends & your sweet-hearts, I shall ever remember you & shall hope to be remembered by you. When you leave Tad, the goats & the turkey will feel sad, & will have no one to console them till they shall have found new associations. I am much obliged to you gentlemen for the music with which you have favored me." & bowing he closed the window & was seen no more. The band played two or three pieces more & departed

Some here felt insulted by the allusion to the goats & turkeys, among them is Lieut McVey & Nolek but I do not see how a man of common sense can take any part of that as casting a slur upon the Co. He calls us "part of the family" obeyed orders, &c. I think it is a great compliment & shall ever be proud of it. I did not hear it but have copied it from others lips. Had I considered the matter over I should have gone.

I have not of late been permitted to attend church very often on account of duty. It has so happened that I have been on guard nearly every Sabbath & Tuesday so I could not attend. I feel that I am not making that progress in Divine life that I ought to do. I have too much care for the things of this world & too little care for things that shall never grow old & I cannot tell why. My judgment tells me better I am fully convinced that it is the fools part thus to act. I know that it is only injuring me for time & for eternity. I realize the vast difference between time & eternity, yet I cling to things of earth I also know that it would add to my happiness here to give myself up wholly to God. I realize that I must do so else suffer with the damned for I know that God requires it at my hands. I desire to be made Holy to live for God & Him only I desire to be instrumental in His hands in converting sinners & doing great good in the world & yet I neglect the means by which & only by which I can become so. By watching & praying & studying the word of God. I almost habitually forget to attend to devotion at the time I have appointed to observe with Cynthia. I endeavor to remember it yet it passes before I am aware I realize I am losing ground in the Christian race, but I pray God to enable me to start anew in the way that leads to Heaven & prepareth vigor or till I the cross obtain

I am determined to strive in the strength of Grace to become Holy in heart & Holy in life. To attain that Holiness which is required of me. I am determined to become a child of God in its fullest sense. I have too long been a Servant & an unworthy servant too, yes very unworthy, & now I desire to attain to a closer relationship to become one of His family. To be taken into a sacred nearness with Himself. I long for a closer walk with God. I would be wholly His, & I am deter-

mined to strive till I obtain the blessing, not in my own strength for I can do nothing without the Spirite of God assisting me. I pray for Gods Spirite to assist me that I may obtain the prize. I am weak but Christ is strong & I pray to Him for strength

On Duty. Post 5. West front of White House Had quite a pleasant time through the day but the last two hours was pretty stormy & I was pretty sleepy, but we managed to keep out of the storm & to keep awake Read some in Harpers Magazine played dominoes, & told stories & listened to mirthful anecdotes & narrative of others all to kill time & keep our spirits up & eyes open, for we still have to sit up two hours after coming off duty.

We had to stand duty 2h-20m for the last two times on post so as to make up two hours & thus pass the inspection at 10 O by Capt Rogers the old guard stand till 11 O instead of being relieved at 9 as usual we prefer that to being on inspection for we would not have half time to clean up for it.

Received a letter from my much loved wife She does not blame me for dealing in revolvers or for carrying one or lending it to Simon N. But suggests that dealing in such things is some what dangerous & that all the money I could get in such transactions would never compensate for one accident that might arise from such dealing. She fears that I might have a similar accident to Simon's befall me not because of intoxication but that I might fall upon my revolver when sober. She says perhaps she is foolish to feel so but she cannot help it & I shall yield to her wishes by giving up the traffic in them & by not carrying one only when I think it is necessary. Too well I love her to give her unnecessary pain I would not give her a moments pain for the world She does not ask me to give up dealing in or carrying them but I know that is her wish & that is enough for me to know, besides I had calculated to quit trading in them or any other articles, not but that I am doing well enough in my trading but I believe that what I gain temporaly I loose spiritually. I had intended to quite before but now I am resolved to entirely quit the business & give my thoughts to the service of the Lord & He will own me as His Child.

Saturday, Dec. 31 1864

The year One thousand eight hundred & sixty four is closing. Like the closing out of an auction sale this day finishes the year. 1864 will in a few hours have passed into history & only known in the future. 1864 will soon be of the past & we will know it only as such & with the year our deeds, all our acts whether good or

bad will have passed to be judged by other men & other times, those that are of any account & others will be of the forgotten past. Oh! That my life might pass into history or memory as that of a true child of God, then would I be happy.

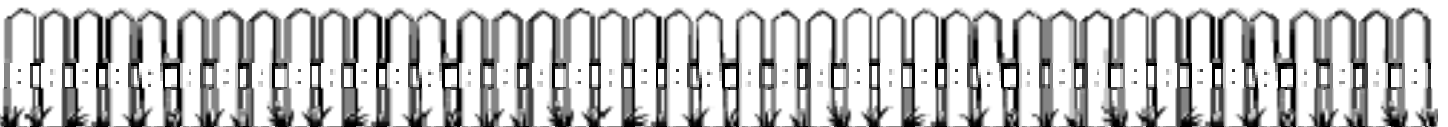

My past life has been far from what it ought to be. I have since I became a member of the M.E. Church lived far beneath my privilege. I have lived the world & its honor & wealth too much & my Savior too little. I have not lived as near the foot of the Cross as I ought to live. For some month after I experienced religion I felt like praying all the time & in all things giving thanks & thus I lived & was happy for some time but soon too soon my love cooled & began to get more & more indifferent till at last I hated to pray & there was times that for weeks I never attended to secret prayer, but always made a practice of attending the public means of grace, yet went more because my friends went & would be displeased & think less of me if I did not go than because I took pleasure in going or felt it duty. My religion was in other words nearly an outward show I appeared to be a Christian yet was so only in appearance. I worshiped God with my lips while my heart was far from Him. I gave way to secret vices & evil habits. I never indulged in out breaking sins because I thought too much of my reputation. I always looked with contempt & disdain upon Drunkards & Swearers, also Liars & Sabbath breakers & all sins of like carachter. Stealing & Adultry. Yet perhapse was guilty of sins just as great but not known publicly. Would God that my private life were as pure as my public life, for I believe that thus far no stain rests upon my public life. I believe that no one can cite an instance of which I need be ashamed & I think that my friends have a very good opinion of me & believe me incapable of crime & wickedness & so far as honor is concerned I would not do a dishonorable act for money or profit. I do not believe that it would be a temptation to me. Oh! That I could speak as well of my private life but I write it not. I never have been the means of bringing any person to disgrace but have done deeds that would make me blush to have made known publicly. My thoughts are not as pure as my acts have been. Thoughts have often come to my mind that were not what they should be & I must confess that I have too often harbored these thoughts & not cast them aside at first & have rejected them not for pure motives, not always because I ought to do so but because it was policy to do so, because others would Spurn me for doing so & that was wrong yet the acts were right

But I have digressed from the subject & must now come back to my subject. I lived thus indifferent to the duties of religion for a long time & had not entirely

See Diary, continued

recovered from it when I came into the army the last time yet I had at times rallied & tried to live holier & better I lived in the enjoyment of religion when I attended College the first time 1861 & while there I enjoyed a good degree of the love of God in my soul. I commenced there then with the intention of continuing through a College course & then entering on the Ministry. I continued on with that intention till near the close of the term when I took a notion to stay at home for one year & earn some money then continue on at College. I cannot reproach myself for thus acting as much as though it was done altogether for money. I had a nobler object in view I thought of helping fix up the farm so as to have it look better & be more comfortable for father & mother. I did it partly out of a sense of duty to parents yet I erred in doing so, I ought to have let the farm along & continued at College. From that time my spiritual Strength began to again decrease till I again lost all enjoyment & sought pleasure in excitement & labor & study only. From the farm I went to a Saw mill to work by the month & from that to the Oil Region & there continued laboring & toiling & risking all I could make forgetting in a great degree my God & my duty & trying to feel that duty did not call me to preach knowing that I was entirely unfit to become one, but I could not get rid of the call to preach & often times spent nights weeping & sobing till I would become exhausted by my labor during the day & agony at night & would fall asleep & wake with feelings of aging. Many times have I wished & prayed for death to release me from this duty but no relief came. While revolving such thoughts in my mind & at times determined that I would not yield & at others fearing to disobey I was just at the turning point almost ready to curse my God & die when I hapened one evening at father No. & we were all writing sentiments in each others memorandum books & Cynthia, now my precious wife, wrote the following words in my memorandum book. "Go ye into all the world & preach my Gospel to every creature" When I cast my eyes upon the words they found way to my heart & I could not get rid of them till I yielded to go & at last I promised God that if He would go with me & bless the word spoken I would go & from that time I strove to make all my energies lead to that one purpose & calculated to commence my College Course again & continue through but obstacles that I could not remove nor

surmount were thrown in my way & I could not attend & finally I felt my duty to go & fight for my Country & went feeling that God approved the act & required it of my hand. I felt that I was in the way of duty & that the path of duty was the path of safety & this only & I was out 10 month enjoying a litterable degree of religion but I again forgot my God began to feel anxious to become wealthy as I owned an Oil Well & there was considerable excitement & when I came home from the war I indulged in two great expenses & jolity & engaged too much in company for my good Spiritually or intellectually & lost my love for religion & after I became a married man I tried to live closer to God & do my duty & enjoyed my God better & again I felt that I ought to go forth to defend my countries flag & have in some degree enjoyed my God since I came out & for a time live near God & enjoyed his love in my heart & strove for Holiness of heart & enjoyed myself much till I engaged in buying & selling revolvers & watches &c. & making money in so doing made about \$25. & nearly lost my soul for I had well nigh forgotten God & was geting back into the beggard elements of the world was first drifting down the cold streams of Babylon & was making money my God & thought more of that then of religion. But I have concluded that I ought not to indulge in such practice. Although there is no harm in doing so yet for me there is harm I ought to live closer to God, & when I engage in speculating carry it to far. I cannot serve God & mammon. I must either give up religion else the word. I have always believed that I could make money as fast as others if I would allow myself engage in it but I feel that I ought engage in no such thing & I have again resolved to quite speculating & confine my attention to things of religion. I have been strong for the past week to forget the things of the world & cling close to God & renew my vows to him & am determined to press forward to Holiness of heart & never stop short of obtaining the crown of eternal glory. The sacrifice is great for I need all the money that I can make honestly yet I have vowed to break off speculating & trust to God for support. I have been offered a good opportunity to make money in that way & that honestly too but I am yet determined not to yield but to cling to the cross of Jesus & He will take care of me & mine. I am living nearer God & He is drawing closer to me. I long for Holyness & Pray God to grant it unto me

Organizing Your Photos

MHGS Library, 1203 N Main, Wichita, KS

If your daughter asked you for her high school graduation picture, could you find it? How about your parents' wedding picture? Or last year's Christmas pictures? Do you know how many pictures you have? Have you inherited pictures?

Let's get those pictures ORGANIZED!! We will be looking at organizing printed pictures, slides and digital pictures and how we can organize them so we can find them any-time.

Do you want to find out WHERE to start, HOW to keep them (in albums or digitizing) and HOW to find a particular picture? Join us Saturday, August 27th at Midwest Historical and Genealogical Society at 10:00 AM. After a short break for lunch, scanning of photographs will be available from 1 PM to 3 PM (see next item below).

Open to the public at no charge.

Saturday, August 27, 2011, 1:00 PM – 3:00 PM

Scanning Saturday

MHGS Library, 1203 N Main, Wichita, KS

Back by popular demand, Annette Schmidt will bring her scanning equipment to the MHGS library to scan your photos to digital media! Scan your photos so they can be protected from fire, water, storms, fading, yellowing - so they can easily be shared with family and friends - so you can add them to your computer family tree – so you can give copies of the digitized photos as Christmas gifts! Annette's scanning equipment provides high-quality scans for pictures ONLY (no negatives, slides, other media) in jpeg format. Bring a flash drive or CD, or purchase a CD for \$1. Cost to MHGS members is 10¢ per photo; non-members cost is 15¢ per photo. Limited to 250 pictures per person at 300 dpi; allow more time for larger pictures.

Open to the public.
